1. The annual production of the former Lansfelder Kupferhütten amounts to about 20,000 metric tons of copper. Production is to be increased to about 30,000 tons per year by 1955 within the framework of the Five Year Plan. About 50 percent of the copper from the Lansfelderhütten is exported to the USSR.
2. The total ZnPb lead production is about 10,000 metric tons per year. Almost all of it goes to the USSR.
